
Timmins Flood Advisory Committee**NEWS RELEASE****Flood Warning – Notice of Cancellation**

Date of Issue—Tuesday, May 10, 2022

(Timmins, ON)—The Timmins Flood Advisory Committee reports that the Flood Warning for the Mattagami River has been terminated. Water levels on the Mattagami River continue to drop as the snow melt nears its end. Precipitation continues to remain a risk and levels and flows may rise again depending on precipitation received.

Additionally, the Watershed Conditions Statement-Flood Outlook for Porcupine Lake and the Watershed Conditions Statement -Water Safety for all areas are terminated as lake levels continue to decrease and fast flowing waters slow.

The Flood Advisory Committee will continue to meet as needed throughout the year. Residents can visit the MRCA website at www.mattagamiregion.ca for the latest information on watershed conditions and public advisories, or to sign up for flood notifications via email.
