**Timmins Flood Advisory Committee****NEWS RELEASE****FLOOD WATCH – EXTENDED****Flood Watch Extended for the Mattagami River,  
Porcupine Lake and Kamiskotia Lake**

**Date of Issue—Wednesday, November 23, 2022**

(Timmins, ON) – The Timmins Flood Advisory Committee is extending the current Flood Watch for the Mattagami River, Porcupine Lake and Kamiskotia Lake. Water levels in local waterbodies and watercourses continue to be higher than normal.

The Flood Watch will remain in place until the water levels have receded enough that additional precipitation is not a cause for concern. A Flood Watch message serves as notification to the general public that the potential for flooding exists.

Water flows and elevations will continue to be monitored and the Timmins Flood Advisory Committee will keep the public informed of the situation through further news releases and bulletins.

Residents can visit the MRCA website at [www.mattagamiregion.ca](http://www.mattagamiregion.ca) for the latest information on watershed conditions and public advisories, or to sign up for flood notifications via email.

**This message will be in effect until (or updated before) November 25, 2022.**
