**Timmins Flood Advisory Committee**

## **NEWS RELEASE**

### **FLOOD WARNING FOR MATTAGAMI RIVER EXTENDED**

#### **Flood Watch for all areas remains in place**

**Date of Issue—Wednesday, April 29, 2026**

(Timmins, ON)—The Mattagami Region Conservation Authority has extended the Flood Warning for the Mattagami River originally issued on April 22, 2026. Flooding is imminent or already occurring in this area. Water levels and flows will continue to be higher than normal as the ongoing snowmelt moves through the system.

Residents in flood-prone or low-lying areas historically susceptible to flooding should take the necessary precautions to protect their property.

**The current Flood Watch for all other areas issued on April 20, 2026 is also being extended.** Water levels remain high across the watershed and residents are advised to exercise caution near all rivers, streams and watercourses.

The Timmins Flood Advisory Committee continues to meet regularly to review watershed conditions and forecasts. Further updates will be issued as conditions change.

For the latest information or to sign up for email flood notifications, visit the MRCA website: [www.mattagamiregion.ca](http://www.mattagamiregion.ca)

This message will be in effect until (or updated before) May 6, 2026.
